

Carlos Medina

Mr. Carlos's passion for the arts started as a high school student studying and performing mime and physical theater with Expression Profética Company. The experience opened up new opportunities to learn the art of aerial silks and acro-dance, leading to a career focused in film and the arts. Carlos received his Bachelors at the University of Puerto Rico where he continued performing around the country. After graduating, Carlos returned to his hometown to work with the Imaginare Performance Arts as a teacher and performer where he traveled North and South America teaching aerial and acro- partnering classes. In 2010, Carlos moved to Orlando to work with Walt Disney World, Universal Orlando, The Climbers, Houck Talent, Carnival Cruise Line, and Antigravity. Carlos currently teaches aerial silks at Ready, Set, Dance.
